From luxury cars to mouthwatering cuisine, Motorline Maserati has it on a plate.

A dozen buyers who ordered their famous sporting cars from the Penarth Road, Cardiff dealership for March will be toasting their choice with fine prosecco and a bespoke Italian meal for two over the next few months.

Lyn and Giovanni

The Italian experience has been developed by Motorline general manager Lyn Evans in collaboration with well-known local Italian ristorante **Giovanni's**, The Hayes, Cardiff.

Lyn explained, "Buying a Maserati is a special experience and we wanted to say thank you in a unique way to our customers.

"Maserati is a complete Italian experience, a memorable experience, and we could not think of a better way to maintain that feeling than giving a special meal as a way of saying thank you."

The surprise has been appreciated by customers and will continue indefinitely each month as each new car is registered.

The partnership on a plate was agreed between Lyn and Giovanni (*above*) in the showroom a few weeks ago.

Motorline Maserati is celebrating the launch of its newly renovated state-of-the-art showroom in Cardiff.

The bespoke Motorline Maserati Cardiff dealership accommodates eight cars and offers full service and maintenance facilities. The showroom is the only Maserati dealership in Wales, and one of 19 showrooms in the UK, in addition to one full service facility, in the luxury Italian marque's growing dealer network across Britain.

Motorline Maserati Cardiff will display the complete Maserati range from the flagship Quattroporte to the Ghibli executive saloon, and the high performance GranTurismo and GranCabrio models as well as the new Levante SUV when it arrives later in the year.

As well as catering for new customers, Motorline Maserati Cardiff also provides a full after sales service run by an expert team of Maserati specialist technicians.

Peter Denton, Region Manager Maserati North Europe, said, "It is a pleasure to see the Motorline Maserati Cardiff showroom now renovated to such a high standard.

"We have been working with the Motorline dealer group since 2014 in Kent and since last year in Cardiff and they have an excellent reputation and are known for providing superb customer care and expert knowledge.

Peter Denton and Lyn Evans Motorline Maserati

"After the recent unveiling of our new Levante SUV model and a significant increase in demand and sales of our cars, I am looking forward to continuing to work with the team in Cardiff to keep building on our success."

Lyn Evans added, "It is very exciting to be relaunching our Cardiff showroom.

"Maserati is well-known for its distinguished Italian style, and a thrilling range of extremely desirable models, we look forward to welcoming customers to Motorline Maserati Cardiff and offering them the unique experience you only find in a Maserati showroom."
