A new sponsorship deal has been secured for the Maesteg DMC promoted Rally Challenge in 2020.

The new title is to be the Independent Paint Supplies Rally Challenge, with support from the same enthusiastic backers for the past seven years, as the Directors of FMP Motor Factors have sold the successful business whilst retaining the large paint supply arm.

They have set up this new venture along with three enthusiastic young Directors who are keen to become more involved in the sport and intend the Rally Challenge to be their main, if not sole, sponsorship interest.

Club spokesman Terry Frayne said, "We are to continue our work in promoting and raising funds for Wales Air Ambulance.

"Meanwhile, the FMP Rally Challenge title is retained for this year with the final rounds being both the International and National sections of the Wales Rally GB (Of which 15 contenders have so far entered), and the Fairfield Merlin Stages at Pembrey.

"We have again registered over 100 contenders in 2019. It is believed that the 'FMP' is the first ever Championship to be part of both sections of the WRGB."
