Latest version of SEAT's iconic Leon CUPRA will boast 300PS and 380Nm.

It's the most powerful SEAT road car in the brand's history and comes with 4Drive all-wheel-drive system and DSG-auto gearbox for ST versions in UK SEAT showrooms from March 2017.

As the cold winter weather starts to bite, SsangYong is introducing a 4x4 winter upgrade offer on its 1.6 litre turbo diesel Tivoli SUV and extended bodied Tivoli XLV models.

There are powertrain and equipment improvements at a customer saving of over £1,250 with prices from £16,250.
