The Mazda MX-30 all electric SUV will go on sale in Europe in 12 months time.

It is expected in the UK in Spring 2021.

Owners of Fiat, Jeep, Alfa Romeo and Abarth vehicles can now benefit from a range of fast, convenient repairs & services, without having to pre-book thanks to the new MOPAR Express Lane service.

This new concept has opened at 103 workshops across the FCA retail network and offers a quick, appointment-free service for many routine repairs.

The UK's largest pre-17 driving school is celebrating its 10th year having delivered its 750,000th lesson.

Young Driver launched in 2009 with the aim of creating a safer next generation of young drivers and was developed on the back of Scandinavian research which showed pre-17 driver education could reduce accident rates by 40 per cent.

insurethebox hit 5 billion miles of driving data and released analysis demonstrating the positive impact of behaviour-based insurance premiums.

It shows that over half of young drivers who took out their first insurethebox policy in 2018 saved as much as 38% after their first year of driving.
