A new global motorsports online content platform featuring racing coverage from on track and online has taken its place on the grid - The-Race.com .

The new online brand will feature both real-world and online esports racing and showcase the latest the best stories from some of the world's best motorsport journalists and will focus on the sport's top motorsports championships including Formula 1, Formula E, MotoGP, and IndyCar, as well as showcasing the rapidly expanding world of esports racing - giving the virtual motorsport genre a well-earned position alongside world's most popular series.
